REFURBISHMENT

Watkins Gray to refit Barnardo's

Architect Watkins Gray International has won a competition to refurbish the new 187sq m office space for children's charity Barnardo's in the London Borough of Southwark.

The designs for the 1 Long Lane site include a flexible "hot desk" area and multifunctional meeting room with glass panels separating each room. The firm says this will provide staff with a private work space and create a colourful and well lit central focal point.

Alistair Walker, partner at Watkins Gray International, said: "With the clever use of glass to divide the rooms and a design that is sympathetic to the space, the office will feel significantly larger."
